Hams & Eggs Breakfast

Come join us for Breakfast 9am every Saturday morning at Denny's. Good food, good conversation and meet new friends. You might just learn something. Get on the **Hams & Eggs Breakfast** text Message reminder by contacting Dave McGann, KG5ZPT at 936-581-4124. He needs to know how many are coming so he can reserve a table.

OUR ACTIVE CLUB

Big Day at the Huntsville “Fair on the Square” for our new celebrity “Captain Hollywood” Russ NR5US

Membership Count 81

This is a Sneak Peek inside of Ryan, K4TXN’s Truck.
Pretty impressive Huh.

Annual WCARG Christmas Party...

Will be held December 9th, 9:00 am at the Walker County Storm Shelter.

Please contact Diane Colburn, N5PTB at 936-524-3288 to let her know what items you plan on bringing to serve. Diane has a sign-up sheet available to help provide a good balance of different food and drinks. Tyson, KI5VTR will be providing the Christmas Cake.

Bring the wives and kids for a fun morning for all. We will be drawing the winning ticket for the Raffle and also announcing who will be the WCARG "Ham of the Year" for 2023. This will also be a good opportunity to get to know all our newly joined members this year.

Don't forget to Save The Date 12/9/23 See ya'll there.

Meetings / Nets / Test

Who: The **WCARG** club Members and anyone interested in Ham Radio' Also anyone ready to take a test.

When: Meetings are the second Saturday of every month at 9:00 am to 10:00am. Testing starts at 10:30. Come early and enjoy the meeting.

Where: Walker County Storm Shelter , 445 SH 75 N. Huntsville, TX **See map above.**

NETS: WCARG Net meets every Monday evening at 7:00 pm on 146.860 Repeater.

Wires X Texas Patriot Room Net meets every Monday evening at 7:30pm in Room 60755

Come and join us. You do not need to be a member of WCARG to join in on all the fun.

Concerning the Social Secretary's Calendar

Since Diane, KG6ZAP has left us to move to some far off place that no one will find her, we are now pleased to welcome Diane Colburn, N5PTB as our new Social Secretary. Please give her a big Thank You for stepping up and providing these VERY IMPORTANT duties for our club. Thank You Diane.

As Said by our Lord

Psalms 118:24 (KJV) This is the day which the LORD hath made; we will rejoice and be glad in it.

We often complain about the rain, heat, our health, and anything that is not to our liking. We should be glad that God allowed us another day to enjoy his creation and all that comes with it.

Clenard Hightower KC5IYA

MEET OUR NEW OFFICERS

Very Pleased to Introduce our new Officers for the next 2 years.

Welcome our newly elected

WCARG President

Clenard Hightower KC5IYA

January 2024 through December 2025

I became interested in amateur radio when I was in the Navy, back in the early 70's. I got my license in 94 and mostly just listened. I went to a field day about 4 years ago and joined WCARG. It's a great group of people who want to promote and enjoy AMATEUR RADIO. I pray that I can be effective and do the same.

Welcome our newly elected

WCARG Vice President

Russ Cooper NR5US

January 2024 through December 2025

Thank you for giving me the opportunity to serve as your Vice-President within the WCARG. Raised in the hills of Arkansas, I grew up around Ham radio. My Dad was W5TLV (SK). Referred to him as Whiskey Five (T--two, L--legged, V--Varmint!). Graduated Kirby High School, Kirby, Arkansas. Hold BS in Professional Aeronautics, Embry Riddle Aeronautical University. Proud veteran of the United States Navy. First amateur license (KB5SSZ) in 1991????? Can't remember that far back! Retired from The Federal Aviation Administration, 2012. Now fly as corporate pilot. Married to the "Admiral", Michelle with 5 children and 2 grandchildren. I am Passionate about all modes of amateur radio, the WCARG and our hobby! I ask all of our members to support our incoming President, Clennard Hightower and keep the momentum rolling!

Laura McDonald, WW7OO will remain our Secretary and Stephen Farlow, KJ5YN will remain our Treasurer for the 2024 through 2025 years.

Congratulations to All

HUNTSVILLE FAIR ON THE SQUARE

A very successful day for the WCARG

Thank You Jim, KR8MCS, for all your hard work organizing this activity for us.

NEW RMS STATIONS INSTALLED AT OUR TOWER SITE

On October 16, 2023 we installed the two RMS stations at the tower site that is utilized by the WCARG club.

The two stations were as follows:

- VHF 145.030 MHz. configured for WIN-LINK VHF PACKET under the station designation of KM5VC-10.
- UHF 446.150 MHz. configured for WIN-LINK VARA FM under the station designation of KM5VC-11.

These stations are operational 24/7 and are powered by batteries in order to maintain their operation during power outages.

Hopefully local operators will now have easier access and ability to communicate through the WINLINK system by utilizing this equipment.

AIR FORCE MARS INVENTATION

Special Event not to be missed. Make Contact—Get a Certificate.

This is an invitation to all amateur radio operators to participate. Texas is 6th AFMARS Communications Wing - Region 6. The special event call sign for Texas will be W1F. Details are on the flyer. This should be a fun event similar to the 13 Colonies event that is held every year the first week in July.

AIR FORCE MARS

75th Anniversary Special Event

5 – 11 November 2023

The Air Force Military Auxiliary Radio System (AFMARS) celebrates 75 years of service to United States Military and Civilian government organizations during November 2023. In observance of this milestone, the "Air Force MARS 75 Years" Special Event will include communications on Amateur HF bands (160-6) in the General License portion of the band and in the Technician License portion of 10 meters using SSB, CW and digital modes.

AFMARS Organization	FEMA Region	Call Sign
1 st AFMARS Communications Wing	Region 1 MA, NH, VT, CT, MA, RI	W1A
2 nd AFMARS Communications Wing	Region 2 NJ, NY	W1B
3 rd AFMARS Communications Wing	Region 3 DE, MD, DC, PA, VA, WV	W1C
4 th AFMARS Communications Wing	Region 4 AL, FL, GA, KY, MS, NC, SC, TN, PR-VI	W1D
5 th AFMARS Communications Wing	Region 5 IL, IN, MI, MN, OH, WI	W1E
6 th AFMARS Communications Wing	Region 6 AR, LA, NM, OK, TX	W1F
7 th AFMARS Communications Wing	Region 7 IA, KS, MO, NE	W1G
8 th AFMARS Communications Wing	Region 8 CO, MT, ND, SD, WY, UT	W1H
9 th AFMARS Communications Wing	Region 9 AZ, CA, NV, HI	W1J
10 th AFMARS Communications Wing	Region 10 AK, OR, WA, ID	W1K
Pentagon MARS Station	Region 3	K4AF
Travis AFB AFMARS Station	Region 9	KE6UEU

Those wishing to participate should listen for the above-listed stations (frequencies will vary by geographic region) and respond to the "Air Force MARS 75 Years CQ" calls.

Stations which have made a confirmed contact with one or more Communication Wings will be eligible to receive an electronic certificate. Stations contacting 5 wings will be awarded a "Bronze" endorsement. Contact with 10 wings will be denoted "Silver". Stations contacting all 10 Wings and the Pentagon and Travis AFB stations will receive "Gold" endorsements on their QSL Certificates.

NO QSL's - CERTIFICATES ONLY

Certificates may be downloaded from <http://cert.elemcoshopfloor.com> after November 30, 2023.

Event details, including schedules, bands, and modes are posted on the official AFMARS Web Site: <https://community.apan.org/wg/air-force-military-auxiliary-radio-system-afmars/afmars-75-years/>.

Event details shortcut: <https://tinyurl.com/5859r4vj>

EMP-Electromagnetic Pulse and the Radio Amateur

An electromagnetic pulse (EMP) is a short burst of electromagnetic energy. It can be caused by natural phenomena such as lightning strikes, or by man-made events such as nuclear explosions. EMP can damage or destroy electronic equipment, depending on the strength of the pulse and the type of equipment.

Radio amateurs are particularly vulnerable to EMP because their equipment often uses antennas, which are excellent conductors of electricity. If an EMP hits an antenna, it can induce a high voltage surge that can travel through the radio equipment and damage or destroy it. There are a number of things that radio amateurs can do to protect their equipment from EMP:

- **Use shielded enclosures.** Metal enclosures can help to block EMP from reaching the electronic components inside.
- **Install surge protectors.** Surge protectors can help to absorb the energy of an EMP surge before it reaches the radio equipment.
- **Use low-power equipment.** Lower-power equipment is generally less susceptible to EMP damage.
- **Disconnect the radio equipment from the antenna when it is not in use.** This will help to prevent EMP from traveling from the antenna to the radio equipment.

In addition to these technical measures, radio amateurs can also help to prepare for an EMP event by developing a communication plan for their community. This plan should include a list of radio frequencies and modes that will be used in the event of an EMP, as well as a list of emergency contacts.

Here are some additional tips for radio amateurs to prepare for an EMP event:

- Have a backup power source for your radio equipment. This could be a battery-powered radio, a solar-powered radio, or a generator.
- Have a backup antenna that is not connected to your home or other buildings. This could be a portable antenna, a dipole antenna, or a vertical antenna.
- Have a plan for communicating with other radio amateurs in the event of an EMP. This could include using a specific frequency or mode, or using a predetermined meeting place.
- Be familiar with the basics of emergency communication. This includes knowing how to use a variety of radio modes, such as CW (Morse code) and SSB (single sideband).

By taking these steps, radio amateurs can help to protect their equipment and their ability to communicate in the event of an EMP event.

Check out these very informative links provided by Ryan, K4TXN

Fair on the Square a Big Success

The Huntsville Fair on the Square was a big success for the Walker County Amateur Radio Group (WCARG) ham club. Jim Thompson, KR8MCS set up the club's booth at 7:45 AM and sold tickets until 3:30 PM, when the crowd thinned out. Russ Cooper, NR5US sold the most tickets and was filmed while selling by a documentary crew. I cant wait to see Russ on TV. Jim brought plenty of Gatorade and water for the club members, and everyone was happy with the new site they had this year. The club plans to try to get the same site next year. John Marcus, W9DG and Ryan Gills, K4TXN did radio demonstrations at the booth. The

club raised a whopping \$2,722.75 from ticket sales this year. We plan to contact other radio clubs in the area to see if they are interested in buying tickets also. Overall, it sounds like the WCARG ham club had a very successful day at the Huntsville Fair on the Square. Congratulations to everyone involved!

73 for now. We will see you on the Radio.

AUGUST MEETING MINUTES

WCARG Minutes from our SOctoberber 2023 Meeting.

By Laura WW700

Laura McDonald
WW700
WCARG Secretary

WCARG October Monthly Meeting Minutes

Invocation- Clenard Hightower

Pledges

Visitors- Valerie Sullivan

No new members

Texas Patriot Campout Report- Steven Prindle- good hike, good time on Saturday, campers enjoyed the weekend

Social Director- new one- Diane Colburn- Christmas Brunch announcement, will be circulating a sign up sheet

Any equipment for sale- no

Anyone need help with anything- no

Minutes of the last meeting- read by secretary, motion to approve- Greg Colson 2nd- Rene Roman passed

Treasurer's report- Stephen Farlow- motion to accept- Diane Colburn 2nd- Jim Thompson passed

Repeater report- Steven Prindle- pulling coax on the tower tomorrow! (Sunday) all workers needed have been notified

Net Control Report- Glenn Rayfield= Reminder about Monday night net, October is covered, November- Tyson Eppink December- Laura McDonald, need volunteers for next year please!

ARES/RACES- Greg Colson- net reminder for Mondays 6 pm, RACES net 2nd Saturday 4:00

SKYWARN training reminder- October 17th 5:30 pm all welcome

VEC- Tyson Eppink- no testing today

Newsletter report- Dave Godfrey- send in any pictures of events if you have them, send in your articles

Badges- Jim Thompson- get with him if you need to order one

Fair on the Square report- Jim Thompson- set up at 7:45, sold tickets until pull down at 3:30 when crowd thinned, Russ Cooper sold the most and was filmed while selling by a documentary crew, Jim was kind enough to bring plenty of Gatorade and water and we loved the site we had this year and will try to get it next year, John Marcus and Ryan Gills did radio demonstrations, \$2722.75 raised on ticket sales, we need to contact other radio clubs in the area to see if they want to buy tickets

Election- Rene Roman- announced slate of candidates, asked if there others who want to serve, none offered, Greg Colson made motion to vote, Dave Godfrey 2nd, passed unanimously- Clenard Hightower President, Russ Cooper Vice President, Stephen Farlow treasurer, Laura McDonald secretary

Tyson Eppink demonstrated his new and improved battery pack- has added a fuse, posts, bottom cover

Jim Thompson- has eclipse glasses if anyone needs a pair to watch eclipse with

REGIONAL AMATEUR RADIO CLUBS

List of the Regional Ham Clubs around Walker County.

Regional Amateur Radio Clubs Info

There are many benefits of having this informal “Amateur Radio Club” InfoDoc published here so that all our local hams can have access to this important and useful information. Here are just a few of these benefits.

- The knowledge of one of your local clubs upcoming activities.
- The co-mingling of various club members in an informal setting.
- Public Relations through the interactive club functions, internet, radio, newspaper and maybe even local tv.

**it Is all about knowledge, comradery and fun with those of a like interest.
Let us make it happen - - - we will all benefit!**
